Tagline: Building scalable, observable and secure cloud-native platforms.

Summary

Seasoned DevOps / SRE / Platform Engineer focused on building reliable, observable, and secure cloud-native platforms. I automate infrastructure and delivery pipelines, design scalable architectures, and improve runbook-driven operational readiness.

Core strengths: Linux, Kubernetes, Cloud, Terraform, CI/CD, Observability, Networking.

Core Skills

- Kubernetes (AKS, Rancher) & Docker
 - Terraform, Azure, CloudFormation
 - CI/CD: Azure DevOps, GitHub Actions, Jenkins, ArgoCD, FluxCD
 - Configuration & Automation: Ansible, Bash, Python
 - Observability: Prometheus, Grafana, Mimir, ELK
 - Networking: DNS, Load Balancing, Fortigate, Cisco, Mikrotik
 - Databases: MySQL, Postgres, MongoDB, ClickHouse, Redis
-

Professional Experience

Amdaris — DevOps Engineer

Jan 2025 — Present · Chişinău, Moldova - Designed and implemented deployment pipelines using Azure DevOps and GitHub Actions, automating release checks and validations. - Implemented observability stacks using Prometheus, Grafana and Mimir to improve SLO monitoring and incident detection. - Automated infrastructure provisioning using Terraform; introduced IaC patterns and reusable modules.

CG Solutions — DevOps Engineer / SRE

Apr 2017 — Dec 2024 · Petah Tikva, Israel - Managed multi-tenant cloud services and automated recovery workflows (Ansible, Bash, Python). - Implemented Kubernetes orchestration (Rancher), autoscaling, and pipeline automation to improve deployment reliability. - Rolled out monitoring and logging (Prometheus, Grafana, ELK) and security controls (IAM, WAF), lowering MTTR. - Designed and maintained networking and firewall infrastructure (Fortigate, Cisco, Mikrotik).

The World Bank — Independent Consultant

Feb 2023 — Feb 2024 · Chişinău, Moldova - Performed infrastructure and network assessments, authored security-focused recommendations and contributed to assessment reports.

Devarti SRL — System Engineer

Jun 2019 — Aug 2024 · Bucharest, Romania - Managed on-prem infrastructure, VoIP (FreePBX), SMTP deliverability (Zimbra), and hosted web services; improved reliability and automation.

(Additional earlier roles summarized; full history on LinkedIn.)

Certifications (selected)

- CNCF: Kubestronaut, KCSA, KCNA, CKA, CKAD, CKS
- PCA, CAPA, ICA, CNPA (CNCF IDs available)
- CCNA (Cisco), CCNA Security, CCNA Wireless
- LPIC-1

Education

- University of Applied Studies — Licentiate degree, Economics (2009)
- Academia Cisco — Networking Associate (2007)

Languages

- Romanian (native), English (professional), Russian (fluent)
-
